

3M™ Peltor™ WS™ Series Headsets with Bluetooth® Wireless Technology

**PELTOR™**

The Sound Solution

# Sound Control

that's **Music to Your Ears**

3M Peltor WS Series Headsets make it easy for workers to communicate, listen to music and talk on the phone. They help improve awareness by amplifying lower level sounds like voices, while attenuating higher level workplace sounds — and the output is limited to 82 dBA. These innovative headsets help reduce exposure to loud sounds and enhance worker safety by making it easier to hear conversation, warning signals and approaching vehicles.

**WS Series headsets are designed for applications such as:**

- Construction
- Manufacturing
- Racing
- Shooting Ranges
- Transportation
- Workshops

**3M**

**PELTOR™****3M™ Peltor™ WS™ Series Headsets with Bluetooth® Wireless Technology**

Product	WS 100 Hard Hat Attached	WS 100	WS Tactical Sport	WS 5
Headband Material	Stainless Steel / PVC	Stainless Steel / PVC	Stainless Steel / Leather	Stainless Steel / Leather

**⚠ WARNING!**

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For proper use, see supervisor, User Instructions, or call 3M in U.S.A. at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing earplugs. Failure to do so may result in hearing loss or injury.
